

HWC4 - EWC4 Model
Vintage™ Units

Thru-The-Wall Heating & Cooling Units

www.magic-pak.com • 1-866-282-7257

A Proud History

Magic-Pak units have been designed, built & sold in multi-family applications for over 40 years. These products have stood the test of time and have a solid reputation for durability and reliability. Available in gas/electric and electric cooling, the Vintage Series has been updated through the years to include updated efficiencies & components to meet the needs of today's market. Units made today fit the same wall opening as units originally manufactured in the mid-1960s so replacement is quick and easy. The slide-out cooling chassis provides additional replacement flexibility as the cooling section can be replaced if needed. With the introduction of R410a refrigerant, the Magic-Pak Vintage Series continues to lead the way as an outstanding product choice for new construction and replacement applications.

QUALITY PRODUCTS,
PROVEN PERFORMANCE

Magic-Pak Vintage Series products are available in a variety of styles and capacities to meet your needs:

- HWC gas/electric units from 26,000 to 64,000 BTUH
- HWC and EWC units from 1 to 2.5 tons
- Slide-out cooling chassis available as a replacement part for all units
- Optional stainless steel, low NOx, and high-altitude units available
- Accessories such as wall sleeves, low ambient kits & decorative extruded aluminum louvers available

HWC4 - GAS HEATING / ELECTRIC COOLING

Packaged Thru-the-Wall Units

Features

- ARI 390-certified
- 9.0 EER cooling efficiency
- Completely self-contained heating and cooling package
 - No outside condensing unit
 - No external refrigerant lines
 - No separate cooling coil
 - Internal venting system
- Pre-wired and pre-charged
- Individually metered and controlled
- Slide-out cooling chassis
- Internal vent system (direct vent)
- Cooling capacities - 1, 1.5, 2, 2.5 tons
- Heating capacities - 26, 38, 51, 64,000 BTUH

Refrigerant System

- High efficiency compressor
- Copper tubing with enhanced fin coil
- R410a refrigerant

Heat Exchanger

- Standard aluminized steel tubular heat exchanger
- Optional 409 stainless steel heat exchanger

Cabinet

- Attractive, neutral-toned finish

Blower

- Multispeed motor for wide airflow range
- PSC permanently lubricated motor for low maintenance and maximum efficiency
- Dynamically balanced blower with resilient motor mounts for smooth and quiet operation
- Internal washable filter

Controls

- Color-coded wiring for easy service

Installation

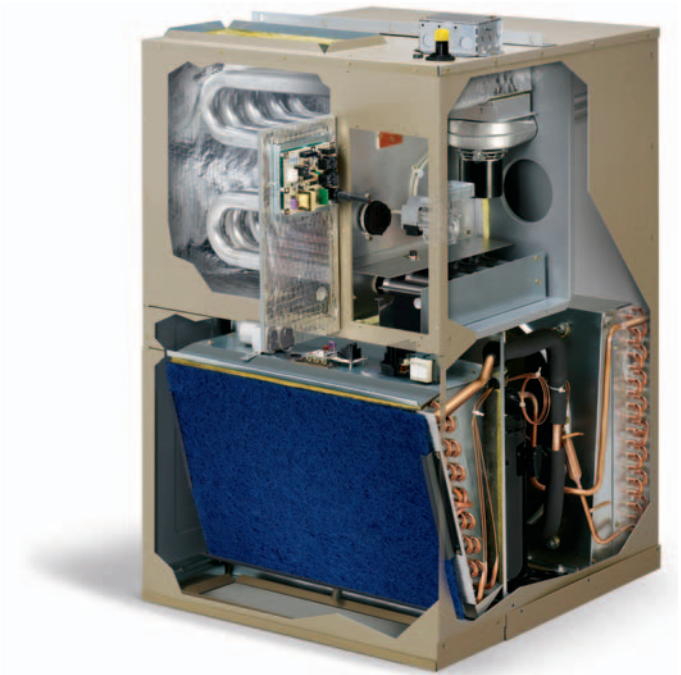

- Easy to install and service

Warranty

- 5-Year limited warranty on parts
- 10-Year warranty on aluminized steel heat exchanger
- 20-Year warranty on stainless steel heat exchanger
